Hydrant Repair & Lowering

Services

- Valve seat problems
- Install break-offs
- Custom made extensions
- Switch-out nozzles
- Cut and groove broken barrels

Valve Insertion

Services

Installation of inline gate valves – 4" to 16"

The contractor is responsible for flushing of fillings and blocking under valves. Call for price on HDPE or PCCP (concrete cylinder pipe). Stainless tapping sleeve and gate valve are provided – valve box NOT included. If the job is more than 75 miles from Annandale, MN, add \$3.00 per mile for each additional mile to and from the job site. This is a price guide. Some cities have special requirements.

We need to be notified if the job is AIS or BABA required.
